PROFESSIONAL SUMMARY

UX/UI designer with a BA in Design and experience designing mobile, web, and kiosk experiences. Skilled in user research, interaction design, and prototyping, with a strong foundation in visual design and firsthand experience understanding diverse user needs.

EXPERIENCE AND DESIGN TRAINING

UI/UX Portfolio Development | Path Unbound

Portfolio Mentorship Program | Nov 2025 - Present

Mentorship included advanced training in sketching, wireframing, prototyping, user research, information architecture, interaction design, interface design, usability testing, and visual design.

- Designed a kiosk experience to make employment services easier to discover, with clear task guidance for senior members with differing language and digital literacy needs.
- Identified travel pain points through firsthand airline experience and translated those insights into user flows and interfaces for a mobile app supporting travel preparation and check-in.
- Analyzed multiple user roles within a C2C platform and designed interconnected user flows to support seamless transitions between roles.

Career Advisor | Self-Help for the Elderly

San Francisco, CA | Oct 2025 - Present

- Identified pain points in complex WIOA enrollment processes and explored workflow improvements to reduce administrative friction.
- Simplified program instructions and organized documentation to improve clarity and accessibility for clients with diverse backgrounds.

Vice President | ArtCrowd, UC Davis

Davis, CA | Sep 2024 - Jun 2025

- Designed and developed university merchandise tailored to student interests and preferences.
- Led the planning and coordination of student design markets, managing event logistics, budgets, and team collaboration.

Customer Services Agent

Hallmark Aviation | Burlingame, CA | Jun 2022 - Jul 2023

Pacific Aviation | Burlingame, CA | Jan 2022 - Aug 2022

- Identified passenger needs and resolved travel-related challenges throughout check-in and boarding.
- Collaborated with airline and ground operations teams to resolve passenger issues and minimize boarding disruptions.

EDUCATION

Bachelor of Arts, Design | University of California, Davis | Jun 2025

GPA: 3.87/4.0

Associate in Science, Interior Design | City College of San Francisco | Jun 2023
